## The Lady On the Dollar

By J. FOSTER

The Lady on the Dollar is the only friend that stays  
And when you bid to her farewell, the friends of other days  
Are waving at you from afar as you go round the bend  
For the Lady on the Dollar is your onliest best friend.

The Lady on the Dollar pays your overdraft with smiles  
And travels to your rescue all the weary weary miles  
And when you cannot clasp her or her to others lend  
Then the Lady on the Dollar is your onliest best friend.

The Lady on the Dollar keeps you good friends with your wife  
She's the only female in the world that between you makes no  
strife.

The blackest millinery sky that over you may bend  
Grows sunny if the Lady on the Dollar is your friend.

The Lady on the Dollar stands between you and all woes  
She silences your enemies; straight to their heart she goes  
They squeeze her and caress her and to you they only bend  
While the Lady on the Dollar is your onliest best friend.

## A Weather Parallel

### IN SUNNY KANSAS.

Topeka, Feb. 4.—This is the coldest weather in this section of Kansas for two years. At 6 o'clock this morning, a temperature of two degrees below with a 12-mile wind from the east, was accompanied by a heavy snowstorm. Both the Santa Fe and the Rock Island railway officials report their worst conditions on the Missouri division.

### OKLAHOMA VISITED BY THE ICE KING MONDAY

Oklahoma City, Feb. 4.—This section has experienced the coldest weather of the season for the last two days. A strong north wind has developed. This morning the thermometer registered 11 degrees.

### NEBRASKA GETS FIRST SNOW, WITH 4 BELOW

Omaha, Neb., Feb. 4.—Snow is falling over Nebraska, with indications for a foot or more. The temperature was 4 below last night.

### SUPERIOR, WIS., GETS 40 DEGREES BELOW ZERO

Superior, Wis., Feb. 4.—The thermometer for the first time this winter registered 40 below this morning.

### EVEN SUNNY SPAIN HAS COLDEST OF GENERATION

Madrid, Feb. 4.—The coldest weather experienced in a generation is prevailing in Spain. Railroad communication everywhere is interrupted.

### In Cimarron

Driving in open carriages the past week without wraps has indeed been a pleasure. The balmy breezes, the bright sunshine, the clear, blue sky, indeed, all nature seemed to unite to beautify the days and evenings.

Ladies on promenade these afternoons are enjoying the bright sunshine, and the light spring shirt waists appear very neat and dainty, in the absence of wraps.

Base ball and marbles are engaging the attention of the school boys these days. Children from colder climates, who are spending their first winter here, find roller coasting and roller skates a delightful substitute for the ice and snow of harsher climates.

Building is going merrily on all the time. Plasterers find no difficulty in getting an abundance of work done, and brick layers are at work early and late with bare hands every day. Considerable excavating is being done.

Hon. Frank Springer and wife departed on No. 2 passenger train this afternoon for New York, whence Mrs. Springer sails on the Baltic, Feb. 16th, for Florence, Italy, on a visit to her two daughters at present sojourning in that city.—Las Vegas Optic.

### HOMESTEADERS HAVE THEIR TIME EXTENDED.

Washington, D. C., Jan. 27.—Persons who have made homestead entry on land in the states of North Dakota, South Dakota, Idaho, Minnesota, Montana, Washington and Wyoming, where the period in which they were required by law to establish their residence expires after December 1, 1906, are granted under a joint resolution passed by the house today, until May 15, 1907, in which to make settlement.

The provision also applies to soldiers' declaratory statements.

### IF FIRST CLASS, WE'RE ON.

Raton Ranger: Cimarron is to have a baseball team. Surrounding towns may expect to be challenged very soon.—Chronicle-News.

### WHAT NEWSPAPERS ACCOMPLISHED FOR THIS MAN.

Here is a little reference to the results of newspaper advertising taken from the "Autobiography of a Business Man" from the current number of Everybody's magazine. It is worth a little attention from the average business man:

"For a number of years I advertised only in my windows and in some of the street cars, because I did not feel that I could afford to advertise in the daily papers. Two years ago last September, I was having a cravenette coat sale, and I succeeded in selling for a couple of weeks about fifty coats a day. I thought I would try a column ad in one of the evening papers. The next day this column ad appeared in one of the evening papers, and by the by, it was not the one that had the largest circulation in Chicago; I selected that paper that this ad appeared in because they gave me a low rate, but they agreed to give me a good

position in the paper. The result was the next day the sales, which formerly had been about fifty coats a day, jumped to 142, and in fifty days I sold over 3,500 rain coats.

"For the year following that sale I continued to advertise in this one paper. Last fall I felt that I could afford to invest say about \$5,000 in advertising in some of the other papers. I used three morning papers and three evening papers, the best in Chicago. The results have been something phenomenal. I did not have to invest the \$5,000. The profits came back from the newspaper advertising before their bills came in, and I do not figure today that I have a dollar invested in advertising."
